ITEM 1: DE ANZA AMENDMENT TO THE MISSION BAY PARK MASTER PLAN

Staff: Scott Sandel

City Council District: 2

Plan Area: Mission Bay Regional Park

The De Anza Natural project area is located in the northeast corner of Mission Bay Park in the City of San Diego (City). The project area consists of approximately 314 acres of land and includes approximately 191.2 acres of open water for a total of approximately 505.2 acres. The project area is bounded to the east by Mission Bay Drive, the north by Grand Avenue (on the eastern portion of the project area) and Pacific Beach Drive (on the western portion), the west by Crown Point Drive, and the south by Mission Bay. The Rose Creek inlet bisects the project area into eastern and western portions. De Anza Natural consists of amendments to the Mission Bay Park Master Plan (MBPMP) and Local Coastal Program; and certification of the Program Environmental Impact Report and adoption of the Findings, Statement of Overriding Considerations, and Mitigation, Monitoring and Reporting Program for the project.

The De Anza Natural amendment is a long-range vision for the redevelopment and enhancement of De Anza Cove and is part of the larger MBPMP policy framework that will guide development throughout Mission Bay. De Anza Natural builds upon and implements the recommendations of the adopted MBPMP, as well as other Citywide guiding documents, including the Parks Master Plan (PMP), Climate Action Plan (CAP), Climate Resilient SD, Biodiverse SD, and Multiple Species Conservation Plan (MSCP). The proposed amendment includes recommendations to serve local and regional recreation needs while preserving and enhancing the natural resources of the De Anza Cove area. De Anza Natural aims to expand the park's natural habitat and improve

water quality through the creation of additional wetlands while implementing nature-based solutions to protect against the risk of climate change, in line with the Climate Resilient SD plan. The proposed amendment would enhance the existing regional parkland by providing a variety of uses, including low-cost visitor accommodations, active and passive recreational opportunities, and improved access to recreational uses. Finally, the proposed amendment provides opportunities to partner and collaborate with the Kumeyaay Nation on the planning and restoration of the area in a manner that recognizes their past and present traditional cultural use of the Mission Bay Park area and ensures continued traditional cultural use into the future.
